

6. Agricultural Water Management Compliance

The project proponent named in this application, the Castroville Community Services District, does not meet the definition of an agricultural water supplier, as defined in the IRWM Program Guidelines (“a water supplier, either publicly or privately owned, provided water to 10,000 or more irrigated acres, excluding the acreage that received recycled water; also include a supplier or contractor for water regardless of the basis of right that distributes or sells water for ultimate resale to customers”).
